INTERVIEW SUMMARY

Filed Electronically on June 25, 2009

Sir:

An interview was held between Applicants' Representative and Examiner Vo on June 25, 2009. Examiner Vo indicated that claim 1 appeared to be allowable and that claim 12 could be allowable if amended to include the log magnitude frequency values found in claim 1. Applicants' Representative agreed to prepare a proposed amendment to claim 12 for the Examiner's review. If the amendment places the case in condition for allowance, Applicant's Representative agreed to the Examiner entering the amendment through an Examiner's Amendment.
